DRIVING THE GLOBAL BRANDS

Emerging Trade Trends

BFLEX 2026 positions the Indian leather and footwear industry to capitalize on key global trends - digital manufacturing, athleisure footwear, and e-commerce growth. Participating in the BFLEX 2026 gives exhibitors the strategic advantage to showcase trending capabilities, connect with Domestic of international buyers seeking innovations, and establish market leadership in the evolving global landscape.

Government of India Support

The Government of India allows 100% FDI in footwear and leather manufacturing through the automatic route, demonstrating strong policy support. Strategic investments in Integrated Footwear Parks through various schemes, export incentives, PLI schemes, and skill development programs create a robust ecosystem for industry growth.

Trade agreements making the Indian industry more accessible

Duty-free benefits have been provided for the export of leather, leather products, and footwear from India to the UAE, Australia, and South Korea under respective trade agreements with these countries. Under the India-Japan CEPA, India is enjoying duty-free benefits for leather goods and accessories and for certain categories of footwear. The India-ASEAN FTA also provides duty concessions.
